

For more than 20 years, **XMART IT Consulting GmbH**, with its headquarters in metropolitan area Rhein-Neckar, has been a successful and leading supplier for consultancy, development and practical implementations of infrastructure at the highest level. From several locations in Europe, Asia and America, our employees control and support the IT systems of leading local and global companies in a reliable, responsible and professional way.

**You will enrich our team in a full-time position with your professional know-how, service-oriented thinking and acting, as well as your distinctive social competence.**

## Database administrator / System integrator (m/f/d)

### Your tasks

- Planning, conception and organisation of the introduction, development and migration of database systems with a focus on Oracle and MS SQL
- Independent installation of DB software and services as well as commissioning and support of databases
- Installation, integration and technical configuration of application components
- Operation of databases and applications
- Coordination of system and procedural changes
- Planning of application architectures
- Coordination of ongoing operational activities with provider management and service providers
- Fault analyses/rectification - handling incident, change, escalation and problem procedures
- Assist in emergency concepts and implementation of load and performance tests as well as tests for back-up

### Your skills

- Passion and enthusiasm for new technologies and topics.
- Practical professional experience in the installation and administration of database systems and applications.
- Knowledge in the Unix area, mainly in AIX and SUSE Linux
- Knowledge of common scripting languages
- Very good knowledge of German and English
- Prepared to travel

### Your additional qualifications

University of applied science or a university degree in an IT-related field (e.g. computer science, business informatics) or completed training as IT specialist.

### Your added value

- Fulltime employment
- Flexible working hours and option for home office (depending on project)

Satisfied and committed employees who work with competence and enthusiasm to achieve our goals are important to us. That is why we offer you extensive additional benefits:

- Company pension scheme
- Upgrade to private health insurance

At **XMART IT Consulting**, you will also benefit from exciting IT projects, excellent development opportunities, a collegial atmosphere and secure prospects for the future.

**Become part of our joint success!** Do you recognize yourself in this profile? Then we are looking forward to receiving your motivated application.
